

Dodgeball

	Feet Thrown
Tom	21
Dick	21
Harry	27
Curly	34
Benny	34
Kenny	38
Donny	41

1. How many total feet did these players throw?
2. What is the mean score?
3. What is the mode?
4. What is the median?
5. Which 3 players can throw a total of 106 feet?
6. How many inches did Dick and Curly throw together?
7. If Donny could throw 4 times the amount he threw in the above table, how many feet would he throw?
8. If Jake threw 4 times farther than Harry, but only went halfway when it hit Curly, how many feet did he throw?
9. Scott threw 3 times less the amount that Tom threw. How many feet did Scott throw?
10. If Donny dodged 75% of the balls thrown at him and 100 balls were thrown at him, how many balls hit him?
